From the Files

by Chip

The lost scrolls have been found, magically appearing from where only Precious knows.

A little late but two **Wednesday night Ladies** reports are better than none.

Stacey and Norma, on behalf of Shear Perfection, took care of the girls May 19 and Maxine Lewis hit for the daily double with the Longest Drive on the back nine plus closest to the Hole on # 11. . Joan McDougall belted the ball the furthest on # 9 while Norah Hall was the most precise on # 3.

Nancy Dodds was Closest to the Butterfly. Apparently the Frog had a short shelf life.

As usual Chief Don spoiled the gals with a solid BBQ and had everyone in stitches with his Lobster pants.

The following week New GM Russ or is it Rick? spoiled the girls by letting have their way with golf carts during the intense heat. Most foursomes got in five holes before the lightning and thunder put a halt to the evening.

Downtown Pharmasave handled the gift giving represented by Carm Saunders and Judy Synder. Saunders got one of her own with the Longest Drive on # 13. Mary Lynne Wilson had the other Longest Drive.

Elaine Turner and Susan Best were Closest to the Hole; Best aided no doubt by Aunt Ba Ba's driver

Thursday Seniors had several moments in attempting to digest the Stableford system in vogue for the day. Of the 40 who actually gave it the old college try, 15 were dead on, 16 had some blips, 7 were unable to tap into the system and 2 just tossed it away in the same manner the Leafs toss away draft choices.

Al Walkden continued his recent hot streak, his 41 points four ahead of the quintet of Cam Roud, Paul Campbell, Merv Roberts, Gord Buchan and Alex Jopling. His 82 was one stroke ahead of Bob Lake.

Jack Akerman, in a rare appearance and Graham Oldford were best of the nine holers with 13 points apiece. Trevor Clist and Ben Barbary were one back

Walkden also had a pair of skins. Fred Parks, Bill Kelso, Will O'Grady and Roberts had the others.

Ron Thornbury, Jack Stewart, Roberts and you know who were hole winners.

Sand Saves

...Dianne Brady's 91 was tops for the Tuesday morning Ladies while Randy Fawcett had a Low Net 69. Barb Geroux and Linda Wall had the two Chip ins and Wall the lone birdie. It came on # 14.

...Based on the first two round scores, the other teams in the Intersectional and St Lawrence competition have nothing to fear except fear itself. Then again the qualifying is based on the best two of four rounds.

.....Thanks to efforts of Russ, Scott ,Al ,Lisa , Joe ,Elaine, Elna and the Brankin family, last weekend's Junior day was a rousing success with over 70 youngsters taking part in the clinic followed by a barbecue.

...Here's hoping the GM is mulling over a proper celebration as the Blackhawks get ready to sip from Lord Stanley's mug.

...Don't forget the Taylor Made demo day June 8.
